BenchLight™ - SL Model

200W

The BenchLight™ SL (Sunlight) model is designed to mimic the visible PAR range of the sun. Suitable for applications from 1-foot to 4-foot installations. This model is designed to produce the same color profile of visible sunlight. However, it is fully adjustable with the controller and APP technology.

Full control of the color ratio and intensity, through the Grow3™ Controller. The SL model is designed for best operation between 1:1 to 10:1 ratios while maintaining a steady PPE.
